

FORELAND FABRICTECH HOLDINGS LIMITED
(Incorporated in Bermuda with Company Registration No. 39151)

PROFIT GUIDANCE

In anticipation of the announcement of the unaudited financial results for the third quarter ended 30 September 2012 ("3Q 2012"), the Board of Directors of Foreland Fabrictech Holdings Limited (the "Company", and together with its subsidiaries, the "Group") deems it appropriate to issue a profit guidance for the benefit of shareholders of the Company.

The Board expects the Group to report a loss for 3Q 2012 due to the weak economic sentiments, as disclosed in the Group's last announcement on 14 August 2012, leading to a deteriorating business environment. In 3Q 2012, the Group has seen a slowdown in the textile industry. The sluggish demand for high-grade textile products, including both apparel and umbrella products, had led to increasing price pressure on the Group's products and lower production which in turn impacted the Group's revenue and profits.

Nevertheless, the Group will strive to develop better and more competitive products to enhance our profitability. New and/or improved products will be launched at timely intervals to meet/cater for the market demand.

The Company will disclose further details when it announces its unaudited financial results for 3Q 2012 on or before 14 November 2012.
